

# TEAMwork

**Athletes fuel Athletes.** Athletes work together to multiply the intensity of training. Focused individually under the guidance of a performance specialist, each contributes to the environment. The TEAMwork program provides our athletes with the opportunity to contribute to the SPi Team and earn credit toward their training tuition.

## How does it work?

Simple. You get credit for any athlete (or team) that you bring to the team. Use the TEAMwork Rules to qualify with the following steps:

**T**ell others about the benefits of training at SPi.

**E**ach athlete that joins the SPi team earns you credit.

**A**ccumulate unlimited credit that can be used for SPi services.

**M**aximize your potential by training in the SPi environment.

## What are the rules?

- Must be active client to get credit (trained at SPi within the last year).
- Credits are good for one year, cannot be exchanged for cash, and are non-transferable.
- Credit issued after contract signed, MUST fill in TEAMwork field on contract. NO exceptions.
- Credit depends on service
- Only one person is eligible for credit per contract.
- Only new athlete/team contracts eligible.
- Credit can be used on selected SPi services.
- Program Effective as of 7/15/2007, no retroactive credits given.
- Price, credits, terms subject to change without notice.
